

Reduce Costs and Maximize Efficiency in Workers' Compensation

We've got you covered

MedCall Advisors provides on-demand access to board certified Emergency Physicians for your clients' workers compensation injuries.

Easily access care anytime, anywhere on by phone or app

Imagine having real-time access to U.S. board-certified physicians. Only MedCall offers phone and video-based telehealth access to dedicated Emergency Medicine physicians for work-related injuries. As employers face the urgency to do more with less, the need to offer workers quick, convenient, and seamless quality emergency care, is essential.

MedCall's platform gives your clients' workers 24/7 access to an emergency physician, saving both time and money. You'll be in a better position to meet your clients' needs and ensure they achieve their financial goals.

Features that matter

- 24/7/365 claims intake and immediate medical care
- Board Certified physicians who specialize in Emergency Medicine across all US states
- Support for Emergent and Non-Emergent events
- Direct referral to in person care when necessary
- Physician follow up available
- MedCall specialists audio/video record and scribe each encounter
- FROI and FNOL data-mapped or SFTP transmitted to carrier/TPA and supervisors as applicable.

“MedCall Advisors’ telemedicine service provides our member companies with an option for over the road truck drivers to have access to a board-certified physician even when they are away from their home location. Our experience has been that this prevents drivers from seeking unnecessary treatment at a local ER for non-emergency injuries, thus saving our member companies money and often avoiding OSHA recordable injuries. ”
